Dear Patrick

We are thrilled to announce that the *Prawns on the Lawn* long lunch at Ballymore was an outstanding success. Feedback has been brilliant and we are very excited that this will become an annual event on the Brisbane calendar.

Both the Edmund Rice Foundation and the GingerCloud Envisioning Foundation are pleased to advise that over \$45,000 in proceeds were raised from the day. These funds will support the Mary Rice School in Kenya and the Modified Rugby Program in Australia, both programs creating access to opportunities for children living with disabilities.

The event would not have been the success it was without the valuable contribution of our many supporters and volunteers. As you would expect, a tremendous amount of work went into the planning, preparation and delivery of an event for 500 people on a site that has not been used for these purposes for many years.

Your role in providing the amazing prawns and oysters for the lunch was a vital component of our success and, on behalf of the people and projects we support, I wish to express my gratitude to you.

We hope that you will remain a part of this event in the future and continue to be involved with the Foundation in helping to liberate lives

With thanks again,

Anthony Ryan
Chief Executive Officer
